

## **Holiday Decorations**

1. Use only clear or white, non-flashing lights and place them as not to disturb the privacy of adjacent properties.
2. Erect and remove all decorations in a timely manner: Thanksgiving through mid-January.
3. All lights, extension cords must be designated as outdoor and carry the proper identification designating they are suitable for outdoor use.
4. All electrical connections must be connected to a weatherproof exterior gfi or interior gfi outlet.
5. No decorations or lights are to be permanently or temporarily affixed to any building or structure.
6. The front door of each unit may be illuminated with a clear or white, non-flashing spotlight and place it as not to disturb the privacy of adjacent properties.
7. Lights or decorations are not to be placed in any common area unless preapproved by the board.
8. No other decorations are allowed without a change order approved by the board prior to the placing of any decoration of any type.
