To: Members of the Evergreen Village HOA  
From: Evergreen Village Condominium Association Executive Board  
Re: Non-compliant Landscaping

Please be advised that the home you are in the process of purchasing has non-complaint landscaping that was not installed by the association. Furthermore, the association will not maintain or replace the non-compliant landscaping at any time. If you choose to remove the non-compliant and replace it with compliant landscaping, the association will begin to care for and maintain the landscaping at that time. A list of compliant landscaping is attached for your records.

EVCA will pay for the removal dead plant/bush/tree, if it was approved, and replace it with an approved comparable plant/bush/tree with an Approved Change Order.

EVCA will NOT pay for the removal of a dead unapproved plant/bush/tree AND replace it the plant/bush/tree was non-compliant. This will all be done at the owners' expense and will be the only way that new flora and fauna will be added to the landscape at the expense of the EVCA.

However, should a Unit owner want to change any of outside landscaping AT THEIR EXPENSE, they can do so by choosing plants/trees/bushes from the approved list ONLY, then submit a Change Order to Stephenson Williams where it will be reviewed by the EVCA Executive Board for approval.

## **\*\*Remember:**

EVCA will NOT pay for the removal of a dead unapproved plant/bush/tree AND replace it the plant/bush/tree was non-compliant. This will all be done at the owners' expense. "Because we will not pay or absorb the cost for any bush/tree that is not on the approved list for taking it out or planting.

If a unit owner submits a Change Order to SW that was then reviewed and approved by the EVCA Executive Board, the EVCA Executive Board will NOT pay for the removal of a dead unapproved plant/bush/tree AND replace it the plant/bush/tree was non-compliant.
